

MY TOP TEN WAYS TO SPEND YOUR BIRTHDAY WHEN YOUR SINGLE....

Picnic with friends by the water.
Raise money via facebook for a charity that you care about.

Picnic with friends
by the water.

Have a girls (or guys!)
night in with
pampering and bubbles
(or beer and sport.).

Get your friends together and
go on an adventure, like
canoeing or bush walking.

Roll the dice: get in the car
with your best mate, take a
pair of dice and for every
decision you need to make,
roll the dice –
even number means yes,
odd number means no.
Enjoy the adventure.

Have a quiet one beside the
beach, lapping up the ocean
as it laps at your toes.

Do a cork and canvas class
or a cooking, cupcake
making, chocolatier,
wine making class!

Gold Class. Enough said.

Have an epic games night. My
fave is How To Host A Murder
- its so much fun and a good
reason to dress up!

Host an evening where you
cook for your friends and
bless them.
